# MG3 Phone

Providing Passenger Safety that is Second to None

The MG3 is a true drop in replacement phone for an Otis Nogales unit. With dimensions of only 1.73 inches wide by 3.74 in length, it fits into a black plastic bracket provided by others on the back of the car panel. Disconnect the old wiring from the old board, remove the old board, put in the MG3 board in the bracket and plug back in wiring and connect 24 vdc power. Place remote microphone where you want and your installation is complete.
